

RONSON®

SAFETY DISCLAIMER

Before you make any adjustments to your lighter please ensure that you have noted the following safety guidelines and warnings.

SAFETY GUIDELINES

- Always refill your lighter in a well ventilated area
- Never refill your lighter near a source of ignition (naked flame)
- Turbo and jet flame lighters must be used with the utmost care
- The flame can project heat up to 20cm above the visible flame (depending on the setting)
- Do not smoke whilst refilling your lighter
- Always read and follow the instructions on the lighter fuel packaging

Our products are not available in the USA, Canada, Australia and Japan

WARNING

- Keep away from children
- Ignite lighter away from face and clothing
- Do not keep lit continuously for more than 30 seconds
- Never expose to heat above 50 celsius
- Never puncture or put on a fire
- Contains flammable gas under pressure
- Be sure flame is completely out after sun
- Do not leave in direct sunlight
